Problem

Postgraduate students have no quiet or group study space on campus; the old study rooms are crowded and have no power or data at the desks.

Proposed solution

Refit the study hub with imported study pods, group study furniture, book stacks, self-service lending stations, an AV presentation system, acoustic ceilings and flooring, and new lighting, power and data. The items and works are listed in the cost table below; the facility is handed over to the department before the planned finish date.

Success criteria

All items delivered, installed and signed off by the department; the facility in daily use within two weeks of handover; no open snags at the PCD.
